

At the Queens County Farm

Campers will be placed in groups based on child of the same age (K&1st, 2nd&3rd, 4th&5th) Throughout the day campers will experience a wide variety of activities that will include STEM, arts & crafts, sports, theme days, enrichment, team building, dance, and more. Our goal is to ensure that campers have a well rounded experience while having fun. Through our partnership with the Queens County Farm, campers will also get the unique experience of working hands on with farm staff. They will participate in STEM curriculum, nature walks, farming, gardening, and more!
